The Conference

The conference „Implementing Pricing Reform in Transport - Effective Use on Research on Pricing in Europe special conference for Newly Associated States (NAS)” organised by the Budapest University of Technology and Economics Department of Transport Economics on behalf of the IMPRINT Consortium (ITS, ISIS, FAV Berlin, TNO Inro, BUTE) is held on 16-17 October 2003, as the part of the IMPRINT-EUROPE Thematic Network. The conference language is English.

This two-day programme will focus on the implementation and introduction of pricing reform in transport sectors (systems) of countries according to the EU Common Transport Policy, the EU Directives and general exchange of experience.

The conference provides an opportunity for you to understand the advantages of those new pricing policies, methodologies applied in the framework of 15-20 minutes presentations. The draft programme is attached. The above presentations will be arranged in four different sessions which are the following:

- I. Rail transport
- II. Urban transport
- III. Inter-urban and road transport
- IV. The way forward

All sessions will last for app. 1,5 to 2 hours and will include three or four presentations with ample time for discussion and questions.

Major opportunities are available to meet with experts; both those involved in research and those involved in policy making throughout Europe.
